[Q2] THE ROLE OF MARKET RESEARCH IN DEVELOPING THIS STRATEGY

[Q3.A] PRODUCT DIVERSIFICATION STRATEGY – STUDENT POPULATION

[Q3.B] JUSTIFICATION

# PRESENTATION

**Wilko Retail** (formerly Wilkinson)

British **chain** that sells homewares and household goods

**413 stores** in 2018

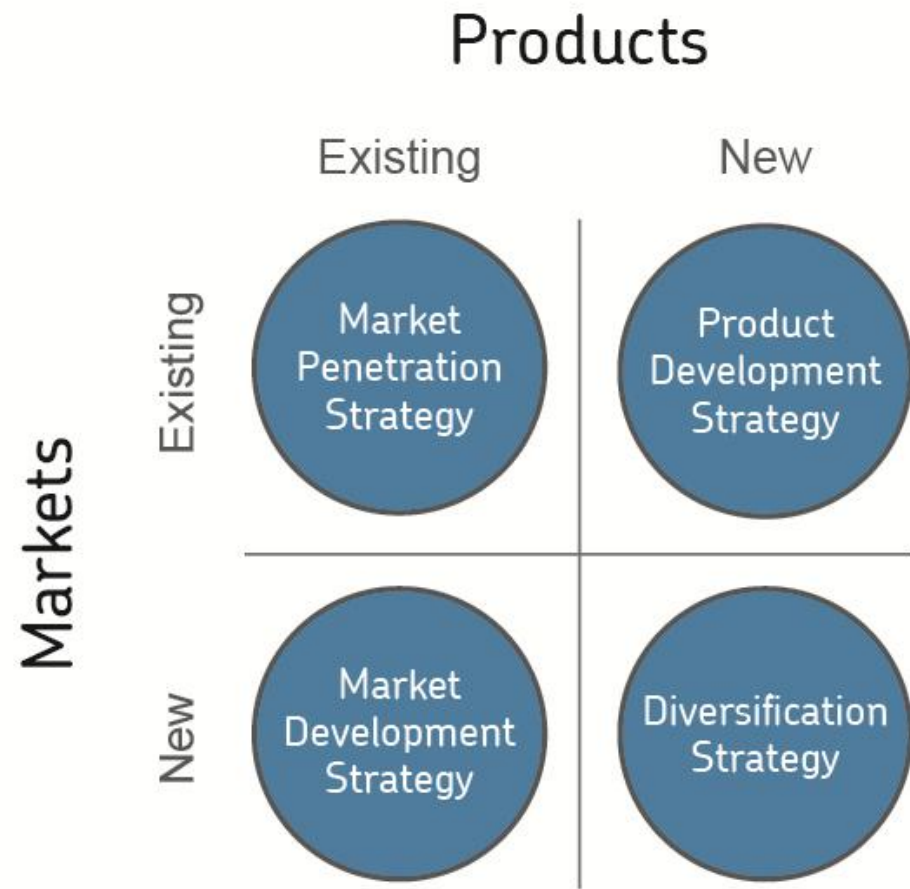

**Products** : Basic groceries, toiletries, consumer goods, DIY, stationery, pet supplies

**40%** of products are **Wiko's self brand**

Revenue in 2014 : **1,5 billion €**

[Q2] ANSOFF's MATRIX – WILKINSON STRATEGY

## [Q2] THE ROLE OF MARKET RESEARCH IN DEVELOPING THIS STRATEGY

**GOAL :** Collecting data on the student's market

Two main forms for researches :

### **PRIMARY**

(field research) // First hand data : *interviews, questionnaires, panels, observation...*

### **SECONDARY**

(desk research) // Collecting already existing data : *reports, publications, internet research, companies' fields...*

[Q2] THE ROLE OF MARKET RESEARCH IN DEVELOPING THIS STRATEGY

**DATAS :**

**What do they like ?  
What do they buy ?  
For which price ?**

**...**

### [Q3.A] PRODUCT DIVERSIFICATION STRATEGY – STUDENT POPULATION

**[REMINDER]** Product diversification = create and develop new products, lines or product ranges for new markets

**Strategy :** is product diversification strategy would have worked better for the student population ?

- Create **new products** for **specific needs**

> **Most risky strategy**

## [Q3.B] JUSTIFICATION

### AN IMAGINARY NEW PRODUCT

New product range :  
low prices on school supplies

### NEW PROMOTIONAL TACTICS

Distribution of free products where students are.  
Flyers.  
Use digital medias (eg. Instagram Ads).

### EXPECTED OUTCOMES

Surveys of students to find out if they know Wilko and shop there.  
Classical sales analysis

Identify motivation factors for students, in addition of the data collection
